MODERIAN

1952

Foreword

We, the Canton South annual staff, present the 1952 edition of the "Moderian." This is the fifteenth edition of school life at Canton South. The first was printed in 1938. We truly hope you will be pleased with the contents of this year's book.

As the theme of our Moderian, we have chosen "hands." We have tried to give credit and praise where it is most deserved, and to give all departments and clubs of Canton South due recognition.

For years to come, we hope this book will help you to bring back the pleasant and wonderful memories of your happy days at C. S. H. S.

To Canton South High School,
We pledge unfailing loyalty;
We will make success our rule,
And bring to you the victory.

1952 MODERIAN

Though the way be hard and long,
Yet in our hearts we'll sing this song;
As we travel on our way
We'll always love thee, Red and Gray.

Must be a game, they're all working.

A cheerful group.

Must be a math class.

Someone just cracked a joke.

Teacher: "Please, make it look like you're working."

Must be filling out autograph books.

SNAPS

Snapshots of the seventh and eighth graders show some of the over-crowded conditions at the school. They also show how hard at work, how interested, and how fast asleep some are.

Morning class . . . everyone seems to be awake.

The only time you can open your mouth is in music class.

Must be about two oclock, time for a nap.

That's funny . . . everyone is working.

That's not the teacher they're looking at.

See how all the boys have their books open and following the lesson.

ANNUAL

Staff

SEATED (*left to right*): Emma Koehler, Fred Cush, Bob Hanze, John Throckmorton, Bob Hindmarsh, Edith Fields, and Gwen Hershey.

STANDING: Barbara Ferren, Jeanine Jolliff, Shirley Haager, Art Furney, Bob Allen, David Wilhelm, Jack Allerton, Art Kovesci, Mary Lou Irey, Mr. Hinton, advisor, and Kathleen Butts.

★

The Annual Staff this year was made up of 12 seniors and 6 juniors. Under the capable leadership of Art Kovesci and Gwen Hershey, the group enjoyed a successful year, everyone sharing in some phase of the publication of the Moderian. It was almost a daily occurrence to find at least two or three members in the board room, cropping pictures, making writeups of events about the campus, setting up ads, counting money, typing copy matter, and any of the various other duties associated with yearbook work.

As a special occasion, the six junior members enjoyed a trip to Cleveland in the spring, being guests of the Canton and Cleveland engraving concerns, who were sponsors of a "Yearbook Clinic," which is both social and educational, as regards the composing, preparation, and editing features of a school yearbook. This should prove beneficial to this group, who, no doubt, will share the responsibility of the production of next year's book.

This year there were seven members carried over from last year, and at the induction service on February 29, four seniors and ten juniors were initiated to represent the Honor Society for the coming year. Each student must meet the qualifications of the four principles before he is considered for membership. The goal is high, but by following the motto, "Truth Is Light," it can be achieved.

Mr. Ash has said that this year's football team has been the hardest fighting team, as a unit, he has ever coached. It was a very light squad. CLASS HISTORY

Dear Friends:

If you will give me your kind attention for a few moments, I will relate to you the story of our class—the graduating class of 1952. It seemed like only yesterday that we entered the school as *respectful* but frightened seventh graders.

Mrs. Miller and Mr. Noll gave us a boost to start us on the first rung of our ladder to success. We sold dish cloths and collected tax stamps to start our treasury. To wind up the school year, we had a class party. It sure is fun to play baseball in the snow!

The following year was much the same, with a few more activities helping us to reach the second rung of our ladder.

With Bob Hindmarsh as our president, we began our freshman year. Mr. Noll and our new sponsor, Miss McKimm, helped to make our year successful. We sold refreshments at the ball games. And so we climbed up another rung of our ladder.

Our sophomore year began with Art Kovesci as our president and Mrs. Lhota (the former Miss McKimm) and Mr. McCune as our sponsors. The main events of the year were our skating parties. We sold license tags and emblems and collected tax stamps to build up our treasury. We voted to have blue and white as our class colors and the yellow rose as our flower. Carolee Bowser wrote the lyrics to the tune, "Down By the Old Mill Stream," for our class song. Thus ends another year and we have reached our fourth rung.

And now we're "big time juniors" with the highlight of the year "The Junior-Senior Prom." Our first money-making project was sponsoring the "Homecoming Game." It was a great success! We are finally growing up, with our two able sponsors helping us. Every project is centered around the prom, and the new fad of selling C. S. sweatshirts was really an asset to our treasury. Our class play, "Good Night, Ladies," was one of the most successful ever put on. Incidentally, the auditorium was packed. Now we have sufficient funds to give the seniors a wonderful banquet and prom. All the juniors worked diligently the week before the prom in order to have the decorations completed in time. Finally, the big day arrived. We have the mothers to thank for the wonderful banquet we had before the prom. The theme of the prom was "In a Southern Garden," with Ross Holloway's orchestra. The court was nice and everyone had a wonderful time. Our last event of the year was the class picnic and as we look into the future we are happy to see the top of the ladder and the golden door. We were all sorry to hear that our sponsors were leaving.

And now our senior year, with all its dignity and importance and its great feeling of superiority over all the other classes. And with it came the thoughts of graduation. Mr. Reiger and Miss Gemmill, our new sponsors, sure had a tough time trying to tame us down since we were "seniors." With Art Kovesci as our president, we started selling sweatshirts again. Our main money-making project was the magazine sale. We had a contest between the girls and boys and the losers were to give a party. The girls never did get their party. "Believe It or Not," our senior class play, was given on November 17. The Senior Carnival was held on January 12, with all the classes and clubs participating.

After six years of work and play, we have finally found the key and have carried out our motto: "The Key of Knowledge Opens the Door to Success."

When the members of this remarkable class have all achieved the fame and honors that are bound to come to them, the memories of their school years will still linger in the hearts of each and every one.

SERVING THE COMMUNITY AND THE NATION . . .

For more than thirty-six years Hercules engines have wielded a powerful influence on the lives of people who make up a community and a nation. It has been during this period that the greatest strides have been made . . . in radio . . . in television . . . in transportation . . . in construction . . . in aviation . . . in medical research . . . in electronics . . . in chemistry . . . in fact everything that has a bearing on our daily living. The behind-the-scenes part that Hercules engines have played to help bring this about is legion. They start with unearthing natural resources and bringing them to market. They help to shape or power the finished products. They stand by for emergency where continuous performance is imperative. They help in a thousand and one ways to keep a community and nation formidable against any aggressor.

This is Hercules' job three hundred and sixty-five days in the year.

This is America's top secret!

When an American marks his X on a ballot, he can be certain of one thing. Nobody knows for whom or what he has voted. It's his secret. No one can influence or coerce him when he votes—and no one can penalize him for how he voted.

The secret ballot is one of the big secrets of a strong America. People who can vote without fear or reprisal offer little opportunity for would-be Hitlers and Stalins to take over. And while dishonesty can creep into government, the secret ballot is the one sure way honest citizens can stamp it out.

Communists would be delighted to see the secret ballot eliminated. Their kind of government doesn't succeed unless they can *tell* you how to vote. And after all, communism offers only *one* party to vote for!

We in America must make many sacrifices to combat Communist ambition. But one thing we must never sacrifice is the priceless right to think and vote according to our consciences. Nor must we ever give up any of the rights that keep this country free and independent.
